SUMMARY

Creative and reliable Web Developer with a strong focus on building user-friendly websites and applications. Skilled in front-end development, with a knack for turning ideas into functional and attractive designs. Always eager to learn new technologies and improve my skills. Ready to bring dedication and technical know-how to help your team succeed.

WORK EXPERIENCE

Direc business technologies inc.
2023

Web Developer Intern
Developed a payroll system using .NET, HTML, CSS, Bootstrap, JavaScript, jQuery, and SQL Server. Collaborated with senior developers to design and implement user-friendly features.

Thesis Project
2023 - 2024

Front-End Developer & Documentation Lead
I served as the Front-End Developer and Documentation Lead. Our team developed a website called "MaThECH," designed to help teachers generate quizzes easily.

San Simon High School
2019 - 2020

On-the-Job Training (OJT)
I managed hardware and performed basic troubleshooting tasks.

EDUCATION

Bulacan State University
Cum Laude
2020 - 2024

Bachelor of Science in Mathematics Major in Computer Science
Graduated with Cum Laude honors. I was consistently on the Dean's List, which significantly influenced my decision to pursue a career in development.

AMA University & Colleges
2018 - 2020

Information and Communications Technology
I completed my Senior High School with a focus on Information and Communications Technology, graduating with High Honors. This experience was pivotal in motivating me to pursue a career in technology.
